# CHILE-MASS Building a bridge of investment opportunities

An unique opportunity to learn from some of the best VC's in the world: Clarus Ventures, Flare Capital, Orbimed, Cycle Capital, Braemar Energy Venture and Cleantech Energy Venture Group, among others, will visit Chile and share their experiences, methods, practices and knowledge with local startups and investors.

At least 12 Chilean projects on energy and life science will have the privilege to pitch to the visiting VC's and get a precious feedback to improve and move to the next step.

Chilean entrepreneurs will be prepared and challenged to achieve their goals.

Partners:

# Who can apply?

- Companies and/or entrepreneurs, from any region of the country, seeking to raise capital to expand and improve products/services, in the range of USD 3-5 million, and requiring third party financing sources (public and/or private)
- Individuals with or without a company that have already started operations, and companies without a minimum or maximum sales level can also apply.
